

Guideline for Triaging Paediatric Referrals

This guidance does not override the individual responsibility of health professionals to make appropriate decision according to the circumstances of the individual patient in consultation with the patient and /or carer. Health care professionals must be prepared to justify any deviation from this guidance.

Introduction

The organisation for which these guidelines are applicable to Children's Hearing Services provided by Worcestershire Acute Hospitals NHS Trust in a range of settings. In particular, all paediatric patients referred for a hearing assessment. To include patients who are 6 months - 18 years of age with suspected or diagnosed hearing loss. Overall responsibility for the pathway is with the Countywide Audiology Services Manager.

This guideline is for use by the following staff groups:

- Admin and Clerical Team
- Paediatric Audiologists

1. Scope of Document

This guidance document is designed to support Audiology professionals in their work. It should be used in conjunction with clinical judgement to attain optimal outcomes for our service users

The benefits of Guidelines are:

- To help assure the quality and consistency of service
- To help always ensure good practice
- To fully utilise the expertise of all members of the team
- To help avoid confusion over roles and responsibilities
- To ensure timely triage of referrals as to avoid delays to patient pathways
- To provide learning tools for new members of staff
- To contribute to the audit process.

The following information outlines the triage process when Paediatric Audiology receive new patient referrals.

2. Aims and Objectives

To provide staff with a template for them to efficiently triage referrals and to facilitate consistency in patient care.

3. Triaging Electronic Referrals Process

- 3.1 Referrals received into the inbox wah-tr.AudiologyHearingServices@nhs.net
- 3.2 Email to be forwarded to wah-tr.audiologypaedreferrals@nhs.net
- 3.3 Paediatric Audiologists will access the inbox. Open the referral, read the contents alongside this guideline. The audiologist will check carefully on Auditbase to ensure it is a new referral and not already under our care or not for information only such is the case when a child sees a paediatrician for the first assessment. The audiologist will then forward the referral to wahtr.AudiologyHearingServices@nhs.net with the grading in the body of the email in the following format -
- Priority (urgent/soon/routine) Waiting List (<4PD2 or >4PDS) Appointment Type (Paed VRA or Paed PTA) Location (ALEX, KTC, WRH) Referrals from the Evesham area will be Alex/WRH See appendix 3

For example – Routine - <PD2 – Paed VRA – WRH

If the clinician feels that the referral is not suitable for validation, they can indicate this with a "B". If there are any additional needs such as an interpreter, please state this in the email.

In the case where there is a safeguarding alert on the form or the referral is urgent, please request that the child is booked directly. This will also alert the admin team to perform due diligence. Use the following format -

| Guideline for Managing Paediatric | | |
|-----------------------------------|--------------|-----------|
| WAHT-AUD-014 | Page 2 of 13 | Version 1 |

Safeguarding/ Urgent - Book Directly (VRA or Paed PTA, ENT HA) – Location.

OR

REJECTED

If the referral has insufficient information or the incorrect referral form has been used, the audiologist can reject the referral and indicate this and the reason why in an email back to wah-tr.AudiologyHearingServices@nhs.net

Once the email has been sent, please delete the referral from the <u>wah-</u> <u>tr.audiologypaedreferrals@nhs.net</u> inbox.

3.4 Admin and clerical monitoring the <u>wah-tr.AudiologyHearingServices@nhs.net</u> inbox will add patient to AB, PAS refresh to ensure correct details are stored on the hospital system, resolve any discrepancies that arise and action as directed in the email within 2 working days. If referral has been rejected, email back the referrer with the reasons the audiologist has stated.

4 Triaging Paper Referrals - GP ONLY

- 4.1 Referral received through the post
- 4.2 Referral date stamped by a member of the administration team and placed in the tray for triaging which is found in the staff base at each site.
- 4.3 Paediatric Audiologists will access the referrals folder or in tray. Read the referral contents alongside this guideline. The audiologist will check carefully on AB to ensure it is a new referral and not already under our care or not for information only such is the case when a child sees a paediatrician for the first assessment. Referral triaged by senior paediatric audiologist within 2 working days of receipt. Paediatric audiologist will write on the referral using the following format -

Priority (urgent/soon/routine) – Waiting List (<4PD2 or >4PDS) Appointment Type (Paed VRA or Paed PTA) Location (ALEX, KTC, WRH) Referrals from the Evesham area will be Alex/WRH. (See appendix 3)

For example, = Routine - <PD2 - Paed VRA – WRH

If the clinician feels that the referral is not suitable for validation, they can indicate this with a "B". If there are any additional needs such as an interpreter, please indicate this on the form.

In the case where there is a safeguarding alert on the form or the referral is urgent, please request that the child is booked directly. This will also alert the admin team to perform due diligence. Use the following format -

Safeguarding/Urgent - Book Directly (VRA or Paed PTA, ENT HA) – Location.
